STANFORD, KY., FRIDAY, JULY 3, 1908.

NO. 35.

BRODHEAD.

We are badly in need of rain. Considerable sickness in the community. Our doctors are kept busy.

Wheat threshing has begun but the yield is not as thought would be. Too much small grain.

T. J. Cherry is having a coat of paint put on his store building. W. A. Carson is doing the work.

The teachers' institute which was to have been held here during July has been postponed until September.

Bogue Brown, of the Preachersville section, shipped four car loads of sheep and lambs from this place for which he paid 3 1/2 to 5c.

The public school at this place begins Monday, July 13th, with Prof. Barnett principal. Mrs. Ben Pike and Miss Carrie Frith are assistants.

For reasons, we can not tell, the Fourth of July celebration, which was to have been held near Freedom church was called off and now we have no place to go on the Fourth. It is suggested that we stay at home and eat blackberry cobbler.

In the "Red and Blue" button contest at the Baptist Sunday School closed Sunday, the "reds" won. Just what kind of a treat will be given the children has not been decided upon but an all day outing is talked of and the large pine grove near Spiro will likely be the place.

The eldest son of Walter Miller is very low with consumption. Mrs. Cris Stevens, of the Sayers neighborhood, is very sick. Mrs. Della Poteet, of the Bee Lick section, is very low with consumption. A little child of Harvey Renner is very sick. James Sowder, who has been sick for some time is able to walk around. Mrs. Elizabeth Sowder is visiting her daughter, Mrs. Wm. Owens, in the Sayers neighborhood. Miss Lizzie Storms, after a week's visit with friends here, has returned to her home at Keavy, Laurel county. Mr. and Mrs. Emerson Rice and son, Earl, of Lebanon Junction, after spending a few days with Mrs. Rice's parents here have gone to Livingston to visit Mr. Rice's mother. Miss Lena Sayers, of Spokane, Wash., is visiting friends and relatives here. Miss Mable Parsons, of Lebanon Junction, daughter of Conductors Len Parsons, is visiting relatives here. Mrs. W. A. Carson, of Maretsburg was the guest of Mrs. Mahaffey this week. Miss Miranda McKenzie, of Mt. Vernon, visited Rev. A. J. Pike Wednesday. She will likely teach Chestnut Ridge school. Oris Bowers, aged 52, died last Monday evening after four days of intense suffering with stomach trouble. He was buried Tuesday afternoon in the Christian church cemetery by the Masonic fraternity. The burial ceremonies of the order were conducted by Mr. J. Mort Rothwell, of Lancaster. Rev. Pike conducted the funeral services at the church. Mr. Bowers leaves a wife and 7 children the eldest being but 16 years of age. He moved to this county from Ohio in 1886 and located near Oak Hill, later moving to the Bee Lick neighborhood, where the father, mother and one brother died. Oris and another brother then located in this place, where they have lived since. The surviving brother went back to Ohio last winter and was not present at the funeral Tuesday. Mrs. Bowers was Miss Summers Rigsby, a sister to Per Rigsby.

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly 40 years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Penny's Drug Store. 50c. and \$1. Trial bottle free.

"Now, mind," said the billionaire to his daughter, "if I take you abroad this summer, you're not to go and engage yourself to one of those Dukes or Earls that'll be hanging about you like flies about a honey-pot."

"No, father?"

"No," said the old gentleman. "We'll just mosey round a bit till we find some King or Emperor in reduced circumstances."

"Health Coffee" is really the closest Coffee Imitation ever yet produced. This clever Coffee Substitute was recently produced by Dr. Shoop, Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

McKINNEY.

D. M. Stephenson, the Stanford architect, will begin work on R. S. Scudder's dwelling next week and hopes to complete it by Sept. 1st.

Our boys lost to Junction City Saturday in a hotly contested ball game. The game was lost through errors of the local team as Murphy, who pitched, held the visitors safe at all stages.

Everett Epperson, who is representing Belknap & Co. in Southern Illinois, visited his parents here last week. Mr. Epperson is one of their best representatives and was formerly sales manager for that company.

The Seventh-day Adventists are holding a meeting in a tent on East Main Street. These people have only been with us a short time and it behooves us to extend to them the hand of welcome and we join others in the hope that many of them will make their home in our little city.

The protracted meeting at the Christian church is progressing nicely. There have been three additions to date. Bro. Manning and his assistant, Rev. Ewers, are to be congratulated upon their zealous efforts to make it a success. They will leave immediately after the meeting closes for Australia to take up the work of the Master in their native land.

One has but to direct his attention to the fact to realize the urgent necessity for more dwellings here. Almost daily there are calls for houses to rent or to buy. Why don't some of our financiers turn loose a lot of their surplus cash and fill up some of the vacant lots? It would put more money into circulation and most assuredly be remunerative to the investor.

E. J. Tanner has returned from Peoria, Ill., where he has been attending a convention of the Modern Woodmen of America as a Kentucky delegate. It is quite an honor to serve in this capacity as this is the largest secret order in America, having over a million members. It goes without saying that Mr. Tanner well merits the honor of being chosen a delegate.

Misses Rose and Margaret McCormack and Allie Staggs, of Hustonville, were in McKinney Tuesday afternoon. Miss Lottie Orr, who has been visiting relatives here and at Hustonville, has returned to Covington. Edmund Wallace and Will Murphy, of Lexington, have been visiting Misses Bertie and Catherine Murphy. I. D. Pool, of Danville, was the guest of Miss Anna Dayton.

School begins next Monday week, July 13, and once more the boys and girls will shoulder their books and march to the place of instruction where the fountain of learning and knowledge awaits their ultimate absorption. They should enter upon their arduous duties with a clearer consideration and a better appreciation of the responsibilities that will soon fall upon them as men and women and make this session one of which we can feel proud. The services of Mr. Hubble, of Waynesburg, have been secured to teach. He comes highly recommended and is well qualified for his duties and with the co-operation of parents and trustees we should have a splendid school.

The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at Penny's Drug Store 25c.

"Before marriage," said Sinnick, "a girl continually is asking, 'Do you love me?'"

"After marriage," he resumed, with a repressed smile, "her one query is, 'look and see if my sheath skirt has burst anywhere.'"

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. Penny's Drug Store.

Biting the nails is a habit that should be immediately corrected in children because it permanently disfigures them. Dipping the finger ends in some bitter tincture will generally prevent children from putting them in their mouths. If this fails, each finger should be encased in a stall until the propensity is eradicated.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Penny's Drug Store.

Tooring—Karr frowned. "You are right there," he assented. "It knocks out all this delicate machinery worse than a five-thousand-mile run."

Cures Gapes Instantly.

BARDESTOWN, KY., May 4, 1908. One drop of R 4-11-44 dropped down the bill of a gaping chicken kills the worms and relieves the chicken instantly. When fed in feed or water it is the best preventive I have ever seen. Will Coomes.

Science so far has failed to furnish any explanation of the mystery of seedless fruits. They are not the outcome of the work of man. Man perpetuates them; he does no more. The seedless oranges was found in a state of seedlessness.
